## **Vice President's Report General Meeting April 30, 2024**

My name is Rhonda Van Lent and I am the new Vice President. I have recently been appointed in this role and I am still "learning the ropes". Since being on the board, I have done my best to be useful and to try and lessen the load of other board members by taking on various tasks that needed to be taken care of.

Since assuming my position some of the activities I have participated in include:

1. Contacting Shuswap MLA Greg Kylo's office to obtain a BC flag which we can proudly display in our Rec Center
2. Booking various food trucks for upcoming events this spring/summer season
3. Booking the Port a Potties for our Garage Sale in May
4. Researching the possibility of obtaining community grants for projects in the Cove
5. Helping out during our inventory weekend, which helped me become more aware of all the different events and activities that our board participates in
6. Working within several board committees to look at future /upcoming events
7. Working with Marilyn our President to learn how to do financial audits, which is an important component of my role as Vice President.

It has been an interesting and exciting few months already and I am looking forward to the months ahead.

Respectfully,

**Rhonda Van Lent**  
**DCHA Vice President**
